S. Main Street & Serra Way Roadway Construction Impacts

The City of Milpitas will be providing information on the South Main Street and Serra Way roadway reconstruction and resurfacing and will be seeking public input on the roadway rehabilitation construction impacts along S. Main Street that are planned for April to September of this year:

No.	Location	Project Limits	Proposed Pavement Treatment
1	S. Main Street	Carlo St. to Great Mall Pkwy.	Road Reconstruction
2	Serra Way	Abel St. to Main St.	Roadway Resurfacing
3	Corning Avenue	Abel St. to Main St.	Roadway Resurfacing (Funding Dependent)
4	W. Curtis Avenue	Abel St. to Main St.	Roadway Resurfacing (Funding Dependent)

In addition to the proposed pavement treatments, portions of the sidewalk, curb & gutter, sidewalk ramps, street trees and signal modifications are to be constructed. Please join us to learn more about this project and to help shape your community!

Questions:

Call the City of Milpitas – Traffic Engineer, Steve Chan at (408) 586-3324 or by email at schan@ci.milpitas.ca.gov

When:

Wednesday, March 4, 2015

7:00 PM

Where:

**Barbara Lee Senior Center
Auditorium
40 N. Milpitas Boulevard**

Project Description:

Improvements include roadway reconstruction and resurfacing, sidewalk, curb & gutter, sidewalk ramps, and replacement new roadway markings.

Construction Impacts:

During construction, there may be significant periods of time when traffic lanes will be restricted to one lane, on-street parking will not be permitted and one side of the sidewalk will be closed at a time. Driveway access will be limited during portions of the work. Nighttime and/or weekend construction work may also be required. All efforts will be made to minimize construction impacts.
